**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

How come USA being a global leader in high tech has broadband so narrow and overpriced 4-6 times compared to Europe? Finland even made constitutional amendment declaring access to Internet as a right! US citizens don't have much of a choice on the market. I need my broadband/telephone service to be affordable and adequate. Do not kill the competition on the market. Protect consumers, not big monopolies.
